

# Sanjeev Kumar

## PROFILE SUMMARY

Enthusiastic and detail-oriented frontend developer with a keen interest in crafting captivating user experiences. Recently completed an intensive frontend development course, gaining proficiency in HTML, CSS, JavaScript, and React.js. Skilled in building responsive and dynamic web applications while adhering to best practices and industry standards.

## EDUCATION

2023	B.A mdu
2019	XIIth English

## Projects

1 Days	<b>Todo</b> "Todo" is a React application designed to help users organize their tasks efficiently. With an intuitive user interface, it allows users to add, edit, prioritize, and mark tasks as complete or incomplete.
2 Days	<b>Weather Application</b> "Weather" is a React application powered by a weather API, offering users up-to-date weather information for any location worldwide.
2 Days	<b>Registration Form</b> The "Registration Form" project in React offers a user-friendly interface for capturing and validating user information seamlessly.
5 Days	<b>E-Commerce Project</b> The "E-commerce Project" in React utilizes advanced frontend techniques such as Sass for enhanced styling capabilities and browser routing for seamless navigation between pages. This project integrates Sass to create a scalable and maintainable stylesheet architecture, allowing for modular CSS management and easy customization of component styles.
